

GRAPHIC PACKAGING

INTERNATIONAL, INC.

In the past two years we have called upon Paradigm to help fill positions on several occasions. In all cases that I have been involved I have found Paradigm to be a top notch organization. The recruiters I have worked with have been professional, open and direct. More importantly the candidates I have hired through Paradigm have proven to be exceptional, easily described as exceeds expectations. I am proud to say my track record with hires through Paradigm is exceptional. I have in the past and would gladly refer Paradigm to anyone looking to fill temporary or permanent positions.

Sincerely
